

Quality dimension reports for 6248d398-e7ec-4f31-9415-cb0babfc52d1 execution

Quality measurement dataset #1 started 2022-07-15T10:26:17.207Z
The rating is: 12

Maturity level: 0 (from maximal 2).

The maturity level which has no requirements and thus applies to every vocabluary. Required rating points: 0

Category: Completeness

Dimension: Linking

Measured rating: 3
Minimum rating value: 2, Maximum rating value: 3
Validation result M5

Metric	Common vocabularies are used. Possible rating: 2
Severity	Rating value: 2

Validation result M6

Metric	Classes or properties of other vocabularies are used . Possible rating: 1
Severity	Rating value: 1

Dimension: Metadata

Measured rating: 0
Minimum rating value: 3, Maximum rating value: 3
Validation result M4

Metric	The ontology does provide the minimum of metadata. Possible rating: 3
Severity	Rating value: 0

Category: Conciseness

Dimension: Readability

Measured rating: 3
Minimum rating value: 0, Maximum rating value: 3
Validation result M7

Metric	Camel case used in class names. Possible rating: 1
Severity	Rating value: 1

Validation result M8

Metric	Classes and properties are expressive. Possible rating: 2
Severity	Rating value: 2

Category: Consistency

Dimension: Namespaces

Measured rating: 5
Minimum rating value: 5, Maximum rating value: 5
Validation result M3

Metric	Ontology namespace does not include example.com and has a valid ending character. Possible rating: 5
Severity	Rating value: 5

Dimension: Inversive

Measured rating: 0
Minimum rating value: 0, Maximum rating value: 2
Validation result M2

Metric	Correct naming of inversive defined properties. Possible rating: 1
Severity	Rating value: 0

Validation result M1

Metric	Correct naming of has in relations. Possible rating: 1
Severity	Rating value: 0

Category: Documentation

Dimension: Accessible

Measured rating: 1
Minimum rating value: 1, Maximum rating value: 1
Validation result M9

Metric	The URI of the HTML documentation is included in the ontologies metadata. Possible rating: 1
Severity	Rating value: 1

Category: Multilingualism

Dimension: English

Measured rating: 0
Minimum rating value: 7, Maximum rating value: 7
Validation result M10

Metric	A language detector detected english. Possible rating: 7
Severity	Rating value: 0
